## STS-88 crew to present mission highlights Thursday in Morris

The International Space Station Assembly crew of STS-88 will present mission highlights at 1 p.m., Thursday, Feb. 18, in Morris Auditorium. The seven-day mission in December 1998, saw the mating of the first U.S. Space Station element, Unity. Built by The Boeing Co. at the Marshall Center, Unity is a six-sided connecting node to which all future U.S. station modules will attach. The Marshall-developed super lightweight external fuel tank helped to lighten Endeavour's load during the mission. Marshall employees and contractors are invited and should be seated by 12:45 p.m.
